EHEA Compatibility

It is crucial to pay very close attention to the current and upcoming policy of European Commission, in order to remain with regards to it as compatible as possible. These policies facilitate the alliance’s chances in EU-funded projects such as Erasmus Mundus¹ and Marie Skłodowska-Curie Actions,² possible application of European Approach,³ policies connected to Lisbon Recognition Convention⁴ and ongoing European Degree initiative.

¹ For more information on an Erasmus Mundus see: https://erasmus-plus.ec.europa.eu/opportunities/individuals/students/erasmus-mundus-joint-masters-scholarships and http://www.erasmusplus.ac.me/?page_id=5616&lang=en.
² For more information on Marie Skłodowska-Curie Actions see: https://marie-sklodowska-curie-actions.ec.europa.eu/.
⁴ According to Lisbon Recognition Convention we do not translate the names of the degrees and qualification into English, and we propose to use terms: first cycle programme (of studies); second cycle programme (of studies); long cycle programme (of studies). The same applies for the degrees: first cycle diploma/degree; second cycle diploma/degree; long cycle diploma/degree. We refrain from the usage of BA, MA etc., as we do not

<td>DESCRIPTION</td>
<td>One jointly realized study programme</td>
<td>Cooperation among and between two or more pre-established, independent study programmes</td>

<td>These initiatives alone usually do not result in a diploma/certificate awarding. Some cases (e.g. micro-credentials) can include issuing of appropriate documentation at the end (different from classic diploma/certificate)</td>
</tr>
<tr>
<td>ACCREDITATION PROCEDURE</td>
<td>Accredited by all participating institutions according to requirements of national legislation (which may or may not recognize European Approach)</td>
<td>Each programme involved has to be accredited according to respective national legislation.</td>
